The Planters' Monthly.

The October number of the Planters' Monthly is out. It is an unusually interesting number and contains much matter of importance to agriculturists and the public in general. An article about "new cane varieties and new diseases" by Henry Tyron of Queensland is of special interest. It deals in a most scientific manner with the cane destroying beetles, which have made ravages among the plantations of Fiji and New Guinea, and which it is declared have been introduced to Fiji from Hawaii. Mr. E. W. Knox, the general manager of the Colonial Sugar Refining Company, and interested in several Fiji plantations, stated a year ago that, "In Fiji, we have been compelled to substitute other varieties in many of our fields for the Honolulu Lohaina which formerly gave very good results."

The article is of special interest to our planters at the present moment when it is claimed that the cane is being attacked by a beetle.

Editor Whitney has compiled other interesting articles. From his editorial brevities we quote the following paragraph, which will be of interest to our male and female "swells."

"One of the 'swellest' officers in the American navy informs the California Fruit Grower that half of a lemon rubbed over the surface of tan shoes will put a 'shine' on them not excelled by the best efforts of the artists at the most recherche stands in the city."

Y. H. I. Meeting.

The Young Hawaiian Institution held a meeting last evening at the Foster hall. The members who are to assist at the anniversary concert to be given on next Thursday held their nightly practice and afterwards the business meeting was called to order.

The following officers were elected to serve during the ensuing year:

Charles Wilcox, president; W. J. Coelho, vice-president; J. N. K. Keola, recording secretary; J. M. Kea, financial secretary; J. H. Bolster, corresponding secretary; N. Fernandez, treasurer, and Solomon Meheula, marshal.

The executive committee will consist of Messrs. H. Smith, Jas. K. Kaula, S. C. Dwight, G. L. Desha and Dr. George H. Huddy, and the investigation committee of N. Fernandez, James N. K. Keola and M. K. Nakuina.

Henry Smith asked to be excused from serving as president in favor of C. Wilcox.

A full line of Sewing Cotton just opened up at L. B. Kerr's on Queen street. All numbers and colors on hand. Call early and get what you need.

Teachers' Appointed.

The Board of Education met yesterday afternoon. Reports of different committees were read. As there seems to be some uncertainty in regard to the legality of making the new High School a free school the following resolution was passed:

Be it resolved, that the action of the Board of Education in making the Emma street school free, having been questioned by the Government, it is decided to continue the school as a pay-school until such time as the question may be decided by the Legislature.

The following appointments were made: Miss Sarah Ostrom to be assistant at Kohala school, Hawaii, vice Mrs. Bell, resigned; N. B. Breckenridge to be assistant at Hauula vice D. A. Buck, resigned; Robert Meheula to be temporary assistant at Ulupalakua, Maui; Mrs. Maria Bush to be second assistant at Kilauea, Kauai; Horace Tregloan to be principal of Mahukona, Hawaii, and Miss Nora Rickard to be assistant at Honokaa, Hawaii.

Its mighty strange to see how some people can walk around in the hot tropical sun, clothed in heavy black clothes and a tall plug hat. However, most folks are more sensible, and wear suits made of Light Serge or Tweeds bought at L. B. Kerr's on Queen street. He sells a single yard at wholesale prices.
